Safety data sheet: available on request at [info@durcrete.de](mailto:info@durcrete.de)

**Delivery Time:** Material is on stock. Order of more than 10 tons needs an advanced announcement of 3 weeks.

**Terms of payment:** All items have to be paid in total in advance (advanced payment).

**VAT:** No German VAT for delivery outside of Germany.

**Terms of Delivery:** For the international transport of goods, the provisions of the Convention for road freight transport (CMR) are mandatory. Delivery conditions acc. INCOTERMS 2020, all taxes, duties, fees or similar charges shall be borne by the buyer.

**General Terms and Conditions:** See the following page No. 2

**Export:** Toll (tariff, custom duties), custom clearance CCF, import turnover tax VAT and other dues have to be managed and paid by the client. If the delivery destination and the registered office of the commercial client are outside of Germany, no German value added tax VAT is charged. In order to avoid German taxes for clients from the European Union they a) have to submit their international VAT-Ident-Number to us and b) we need a certificate, that the goods have arrived in a place outside the German border, e.g. by organizing the transport in durcrete's responsibility. Otherwise German VAT-Tax has to be charged.

**Date of Delivery:** Material in bags is usually on stock. Due to custom clearance, outside the European Union delivery dates and deadlines can be given only as ETA (Expected Time of Arrival). Delay in delivery does not harm the supplier, if he is not responsible for. This may happen, when the operation of the supplier or somebody working for them in an operation or other agents is disturbed by force majeure or other unavoidable or unforeseen circumstances such as strike or lockout. A limited compensation (liquidated damages) for damage including consequential damages is agreed with 0.5 % caused to each full work week of delay and a total of maximum 5 % of the value of the relevant (partial) delivery.

**Palette and Disposal:** palettes, bags, shrink films and other disposable packaging shall become the property of the purchaser and will not be returned. Shrink films are no weather protection.

**Quality:** There are so many applications and possibilities of this new material that everybody needs to check the feasibility of every application. The seller shall not be liable for the product being fit for a particular purpose. Seller is under no duty to advise the buyer about the product and its applications. We are only responsible for the quality of the basic material and tolerances, defined together in a contract or this offer. The products are manufactured using natural raw materials and can therefore be subject to certain variations. The material also contains admixtures of organic origin. Quantity variances can only be contested, if the identified shortfalls exceed 3 %. The information given in catalogs, brochures, data sheets, images, web pages and other media, pattern pieces and samples are for information only and are no confirmation of quality. The data provided are of a general nature and may therefore not be suitable for a specific application. As a result, tests, calculations, and experiments on a case-to-case basis are required prior to use of the products. The data provided in these information sheets do not constitute a guarantee of quality. Defects and claims for restitution and damages are excluded by virtue of this statement.

**Defects Liability:** Claims for defects and damage claims expire after 6 months. If compensation has to be done, the maximum amount of damages including consequential damages is limited in each case to the amount of the value of the order up to a maximum of 3 Mio EUR. The seller is only obliged to pay damages for breach of contract if it breached its obligations owed to the buyer under this contract with intent or gross negligence.

**Patents:** Please inform yourself and take notes about patents pending in your country on the technology of UHPC. Proprietary rights of third parties must be observed.

**Contract conditions:** This sales contract is governed by the UN Convention on contracts for the international sale of goods (CISG), any question not covered will be governed by the law of Swiss. Incoterms 2020 are agreed. Place of performance is D-65549 Limburg/ Lahn in Germany. Contract language is English with the metric system.
